Specialities

- At the cable car a protection mask is mandatory. Please don't forget to take a private protection mask with you. It's also possible to buy one at the hotel for Fr. 1.00.
- For Lunch everyone of you can choose a meat or a vegetarian menu before the workshop begins. A list with both options for menus would be distributed.
- Please organize yourself for the journey to Schwägalp (please find below the directions from St. Gallen at page 3 and from Zurich at page 4 by car or train/bus). If someone has no possibility to get there with a colleague, please contact me.
- Take a warm jacket with you. Säntis is a 2'500 meters high mountain. Also at Schwägalp it could be a little bit cold outside.
